APHASIOLOGY

CONTENTS OF VOLUME 8

NUMBER 1 JANUARY-FEBRUARY 1994

Review

The language production system and senile dementia of Alzheimer's type: neuropathological implications

P. G. Patel and Paul Satz 1

Papers

Mapping therapy: a treatment programme for agrammatism

Myrna F. Schwartz, Eleanor M. Saffran, Ruth B. Fink, Jessica L. Myers and Nadine Martin 19

An expert database technique applied to an aphasia classification system

Raymond D. Frost, Mark L. Gillenson, Gillian A. Holtz, Kester J. Nedd and Rachel K. Parris 55

Cortical and subcortical aphasia compared

Andrew Kirk and Andrew Kertesz 65

Case Studies

Glossolalic jargon after a right hemispheric stroke in a patient with Wernicke's aphasia

Stefano F. Cappa, Antonio Miozzo and Marina Frugoni 83

Catastrophic reaction in crossed aphasia

Marcelo L. Berthier and Sergio E. Starkstein 89

Book Review

Spoken language comprehension: an experimental approach to disordered and normal processing

Robert Pierce 97

Acknowledgements 102

NUMBER 2 MARCH-APRIL 1994

Review

Taxonomic theory and practical implications in aphasia classification

Cynthia L. Bartlett and Gail V. Pashek 103

Papers

The contrasting effects of a semantic versus a formal-semantic technique for the facilitation of naming in a case of anomia

Guyllaine Le Dorze, Nicole Boulay, Joanne Gandreau and Christine Brassard 127

The influence of aphasia, familiarity and activity on conversational repair

Alison Ferguson 143

The production of narrative discourse in response to animations in persons with dementia of the Alzheimer's type: preliminary findings

Helen J. Chenery and Bruce E. Murdoch 159

The effects of communication partner familiarity on the verbal abilities of aphasic adults <i>Mark A. Stimley and J. Douglas Noll</i>	173
Rationale and efficacy of a tactile-kinaesthetic treatment for alexia <i>Susan Nitzberg Lott, Rhonda B. Friedman and Craig W. Linebaugh</i>	181
Case Study	
Transcortical mixed aphasia in a case of thalamic glioblastoma <i>S. Maeshima, T. Kuwata, Y. Uematsu, T. Itakura and N. Komai</i>	197
Book Reviews	
The focusing hypothesis: the theory of left hemisphere lateralized language re-examined <i>Stefano Cappa</i>	205
Material for language testing, training and remediation of lexical, syntactic and/or text or discourse level abilities <i>Luise Springer</i>	205
Announcements	206

NUMBER 3 MAY-JUNE 1994

Major Review	
Old solutions to new problems: a contribution to today's relevance of Carl Wernicke's theory of aphasia <i>G. Blanken, J. Dittmann and H. Sinn</i>	207
Papers	
Word sound deafness resolved? <i>Wendy Best and David Howard</i>	223
Acoustic analysis of prosodic cues in left- and right-hemisphere-damaged patients <i>Gene P. Onellette and Shari R. Baum</i>	257
Case Study	
Anomic (word-selection) aphasia due to inferior-anterior temporal atrophy <i>E. Wilder-Smith, E. Taghavi and H. McConnell</i>	285
Short Report	
Naming without picture comprehension? Apropos the oral naming and semantic comprehension of pictures by patients with Alzheimer's disease <i>H. Kremin, D. Beauchamp and D. Perrier</i>	291
Book Reviews	
Consciousness in Contemporary Science <i>Chris Code</i>	295
Linguistics and Aphasia: Psycholinguistic and Pragmatic Aspects of Intervention <i>Susan Edwards</i>	298
Foundations of Aphasia Rehabilitation <i>Claus-W. Wallesch</i>	300

NUMBER 4 JULY-AUGUST 1994

Review

Thalamic aphasia and striato-capsular aphasia as independent aphasic syndromes:
a review

Meredith Kennedy and Bruce E. Murdoch

303

Research Papers

Replicating therapy for mapping deficits in agrammatism: remapping the deficit?

Sally Byng, Lyndsey Nickels and Maria Black

315

A linguistic communication measure for aphasic narratives

Lise Menn, Gail Ramsberger and Nancy Helm-Estabrooks

343

Testing causal theories of pantomimic deficits in aphasia using path analysis

Robert J. Duffy, James H. Watt and Joseph R. Duffy

361

Amsterdam-Nijmegen Everyday Language Test: construction, reliability and validity

L. Blomert, M.-L. Kean, Cb. Koster and J. Schokker

381

NUMBER 5 SEPTEMBER-OCTOBER 1994

Research Papers

A cognitive-neuropsychological analysis of allograph errors from a patient
with acquired dysgraphia

B. S. Weekes

409

Preserved capacity to copy drawings in severe aphasics with little premorbid
experience

T. Kashiwagi, A. Kashiwagi, Y. Kunimori, A. Yamadori, H. Tanabe and J. Okuda

427

Influence of linguistic and non-linguistic capacities on spontaneous recovery of
aphasia and on success of language therapy

G. Goldenberg, H. Dettmers, C. Grothe and J. Spatt

443

Coping with aphasia: conversations with 20 aphasic people

Susan Parr

457

Clinical Forum

Aphasia and communicative speech therapy

Matti Leino

467

Communicative speech therapy in aphasia: what does it mean, can it be effective
and how should it be done?

Roelien Bastiaanse and Ronald S. Prins

482

From frogs into princes: transforming our knowledge base into models of
communication that are relevant to people in their environment

Dorothea Oxenham

488

Aphasia and communicative speech therapy: the potential of grammatical analyses

Michael Garman

491

Some thoughts and reflections on communicative therapy in aphasia

Hanna K. Ulatowska

497

On aphasia and communicative speech therapy: once more

Matti Leino

499

Book Reviews

Cognition through color

Luc Pieter De Vreese

503

Aphasia therapy in practice: writing

Robert C. Marshall

505

NUMBER 6 NOVEMBER-DECEMBER 1994

Papers

- Differential language outcomes in children following treatment for posterior fossa tumours
Bruce E. Murdoch and Lisa J. Hudson-Tenment 507
- Verbal self-correction and improvement in treated aphasic clients
Robert C. Marshall, Sandra I. Neuburger and David S. Phillips 535
- Performance on creative narrative tasks of children treated for acute lymphocytic leukaemia
Deborah L. Boon, Bruce E. Murdoch and Faye M. Jordan 549
- Semantic verbal fluency in aphasia: a quantitative and qualitative study in test-retest conditions
Patricia Roberts and Gynlaine Le Dorze 569

Short Report

- The carer's response to written information about acquired communication problems
Sbelagh Brumfitt, Julie Atkinson and Caroline Greated 583

Video Review

- Teaching Programmes in Cognitive Neuropsychology
Siobhan Hart 591
